SUPPLEMENTAL INFORMATION
DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicant brings to the attention of the Examiner the documents listed on the attached IDS Form PTO/SB/08. To the undersigned's knowledge, this Supplemental Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

A copy of the listed foreign patent and non-patent literature documents are attached. Applicant respectfully requests that the Examiner consider the listed

documents and indicate that they were considered by making appropriate notations on the attached IDS Form PTO/SB/08.

JU-A H5-77038 - This document was cited in a Decision of Rejection issued by the Japanese Patent Office on July 8, 2008, in Japanese Patent Application No. 2005-502423. (Japanese Patent Application No. 2005-502423 is not a counterpart to the present application.) Applicant has listed the Decision on the attached IDS Form PTO/SB/08 and has attached an English-language translation of the Decision. Further, the relevance may also be provided by the attached copy of an English-language translation of the document, which has been listed on the attached IDS Form PTO/SB/08.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the U.S. Patent and Trademark Office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
